Project's progress

(Reference period 09/2016 – 06/2018)

Actions / sub-actions		2016				2017				2018				2019				2020			
		1T	2T	3T	4T	1T	2T	3T	4T	1T	2T	3T	4T	1T	2T	3T	4T	1T	2T	3T	4T
Overall project schedule	Proposed			O Start date: **01/09/2016**			X **30/06/2017**					M **30/09/2018**			X **28/06/2019**				O End date: **31/08/2020**		
	Actual																				
Action A.1: Composition and structure of habitat type 9590*	Proposed																				
	Actual																				
Action A.2: Elaboration of a fire protection plan for the habitat type 9590*	Proposed																				
	Actual																				
Action A.3: Assessment of health and vitality of habitat type 9590*	Proposed																				
	Actual																				
Action A.4: Assessment of the impact of specific concrete conservation activities	Proposed																				
	Actual																				
Action A.5: Preparation of Action Plan for the implementation of concrete conservation actions	Proposed																				
	Actual																				
Action C.1: Silvicultural interventions in *Cedrus* stands	Proposed																				
	Actual																				
Action C.2: Restoration and expansion of the habitat type 9590*	Proposed																				
	Actual																				
Action C.3: Protection of the habitat type 9590* against forest fires	Proposed																				
	Actual
